SETTING

The Time—September 1948 to June 1952.
The Place—Nyack High School, Nyack, N. Y.

ACT I

For most of us September 1948 was the beginning of our most enjoyable years. The first few weeks were spent in bewilderment as we tried to adjust ourselves to this change. Here was the beginning of our many lasting friendships.

ACT II

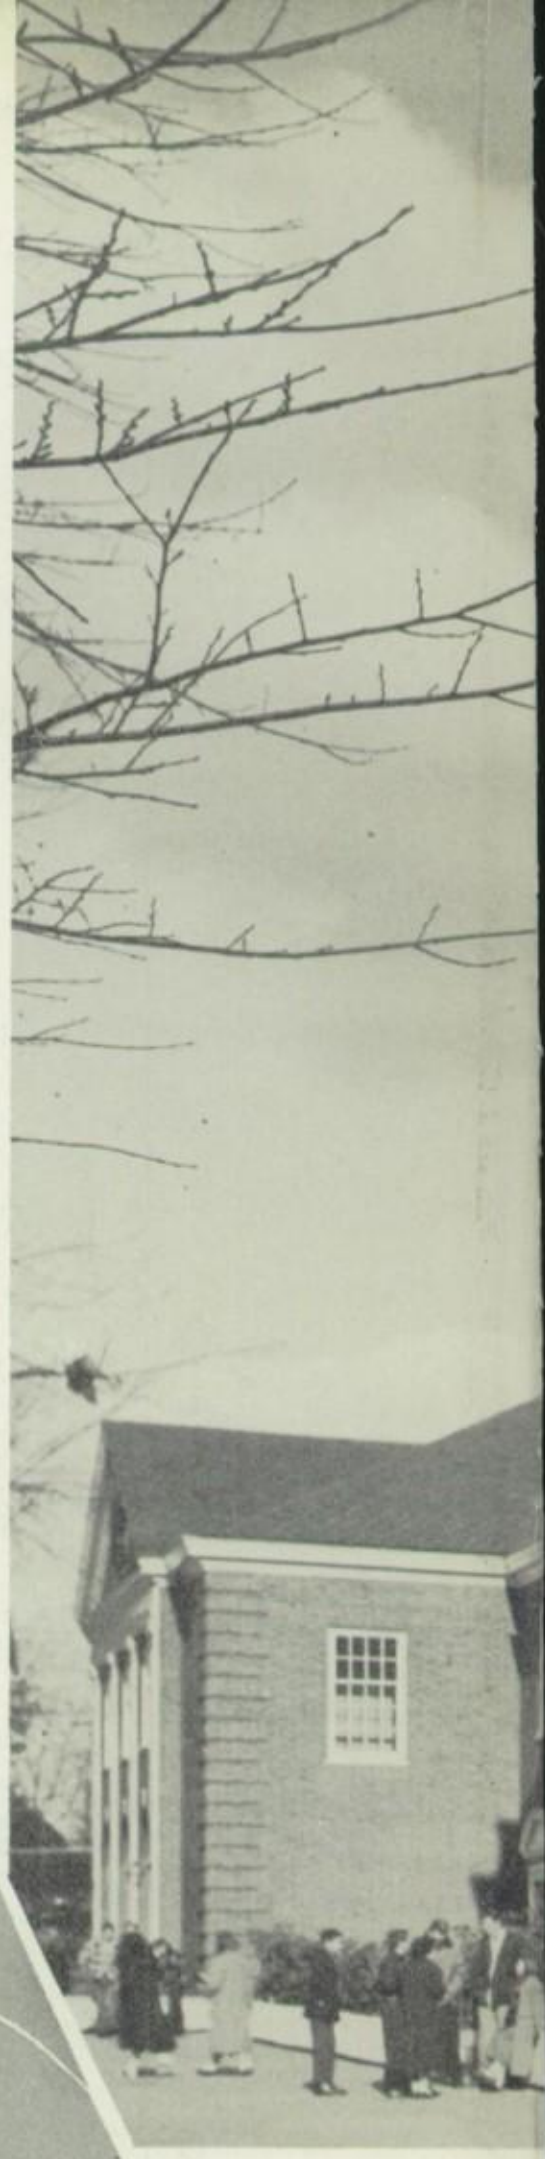
Shots echoed through the auditorium in the great melodrama, "He Done Her Wrong," or "Wedded But No Wife" . . . the thrill of second lunch . . . first fling at J. V. cheerleading . . . Rushee Night and Hi-Y initiations.

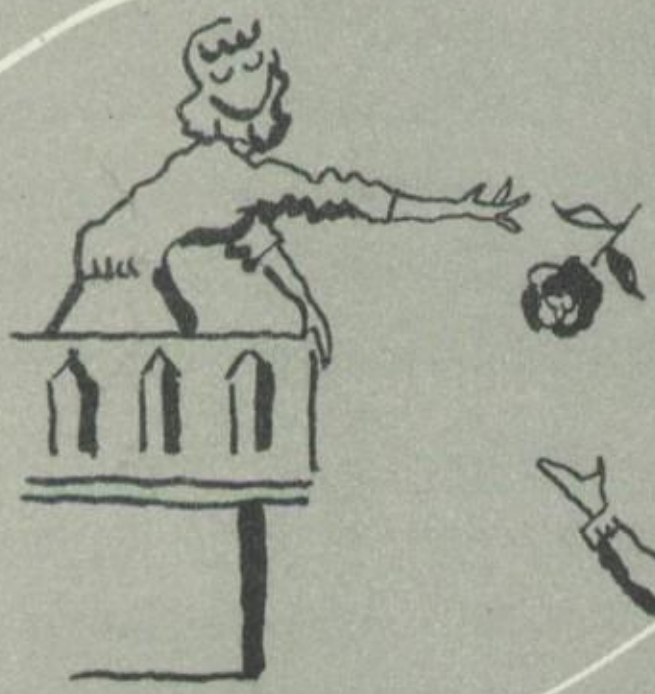
ACT III

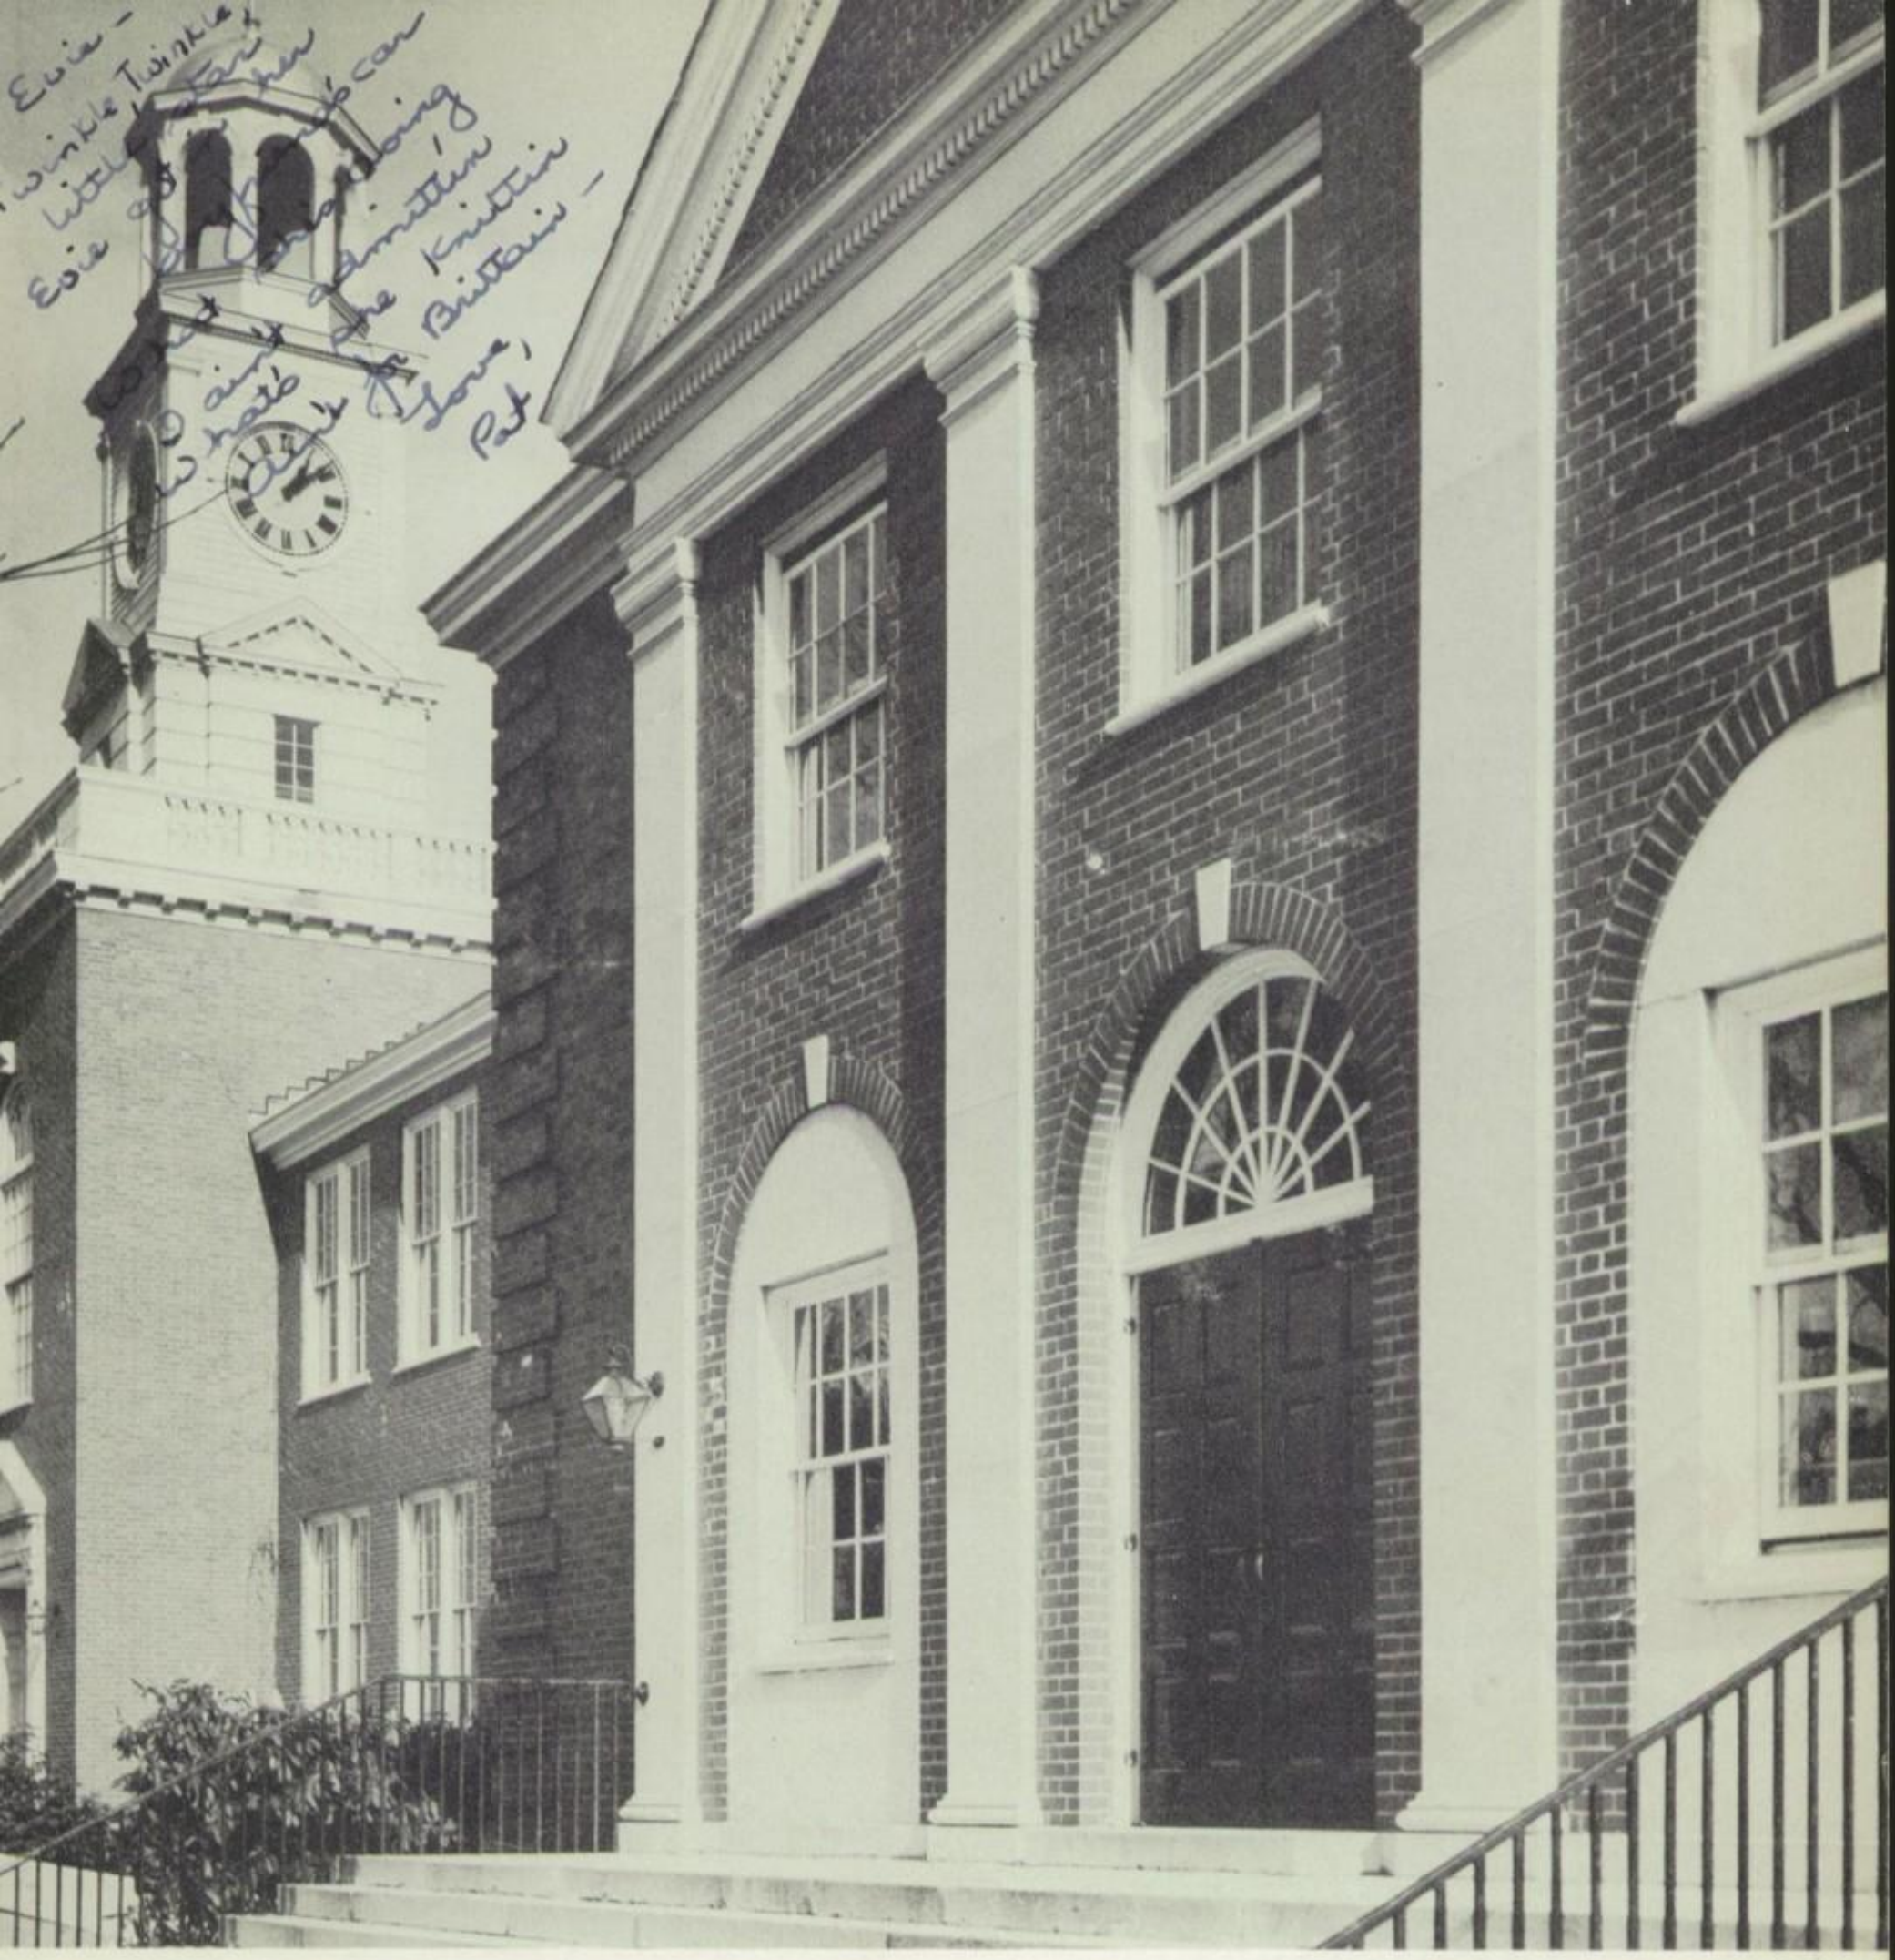
Excitement reigned as juniors received their rings . . . dancing to the tune of "Meet Me In Dreamland" by Ray Nelson's band . . . selling greeting cards swelled our treasury as we planned for a successful senior year.

ACT IV

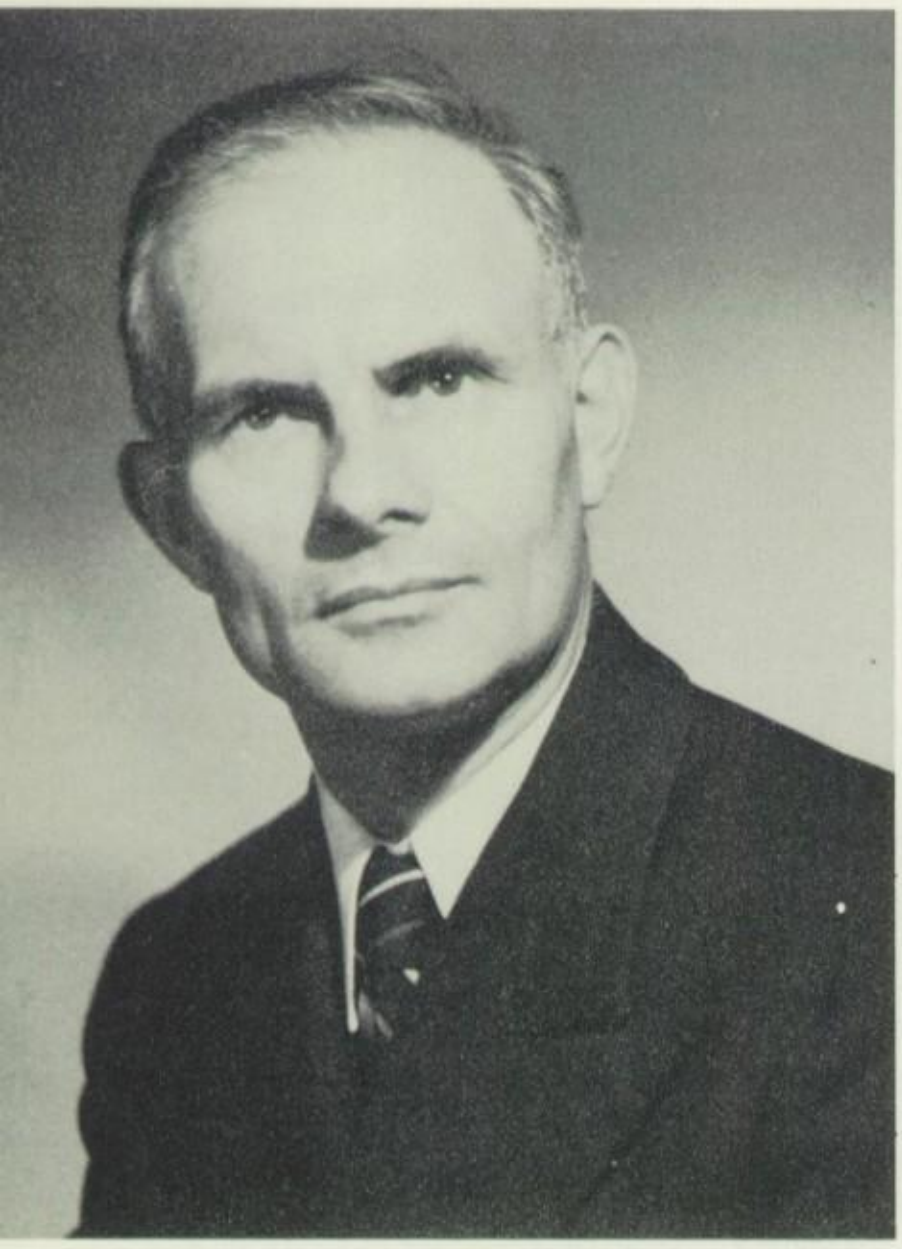
Seniors "watched the birdie" as they posed for TOWER portraits . . . that Haverstraw game . . . the first "Football Queen" . . . Thespians donned an angelic look for the Christmas pageant . . . Play rehearsals and the big night . . . the Senior Prom—our last big dance . . . writer's cramp as yearbooks were signed . . . Graduation—the final curtain . . . the sadness of disbanding—no more to be gathered as one happy group . . . the joy of the final curtain . . . the joy of experiencing never to be forgotten emotions—always to be remembered . . . lasting friendships.







1952 TOWER



HAROLD A. FAILING

SOLON F. GORDON

Education is more than just reading books and learning words. In many cases, it is training of the hands to be productive and useful. For many moons, three of Nyack's teachers have been doing just this. It is to these men, from whose patience and experience we have profited so much, that we, the Class of 1952 dedicate our Tower. To Solon Gordon, Harold Failing, and Shirley Leighton we express our deepest gratitude.

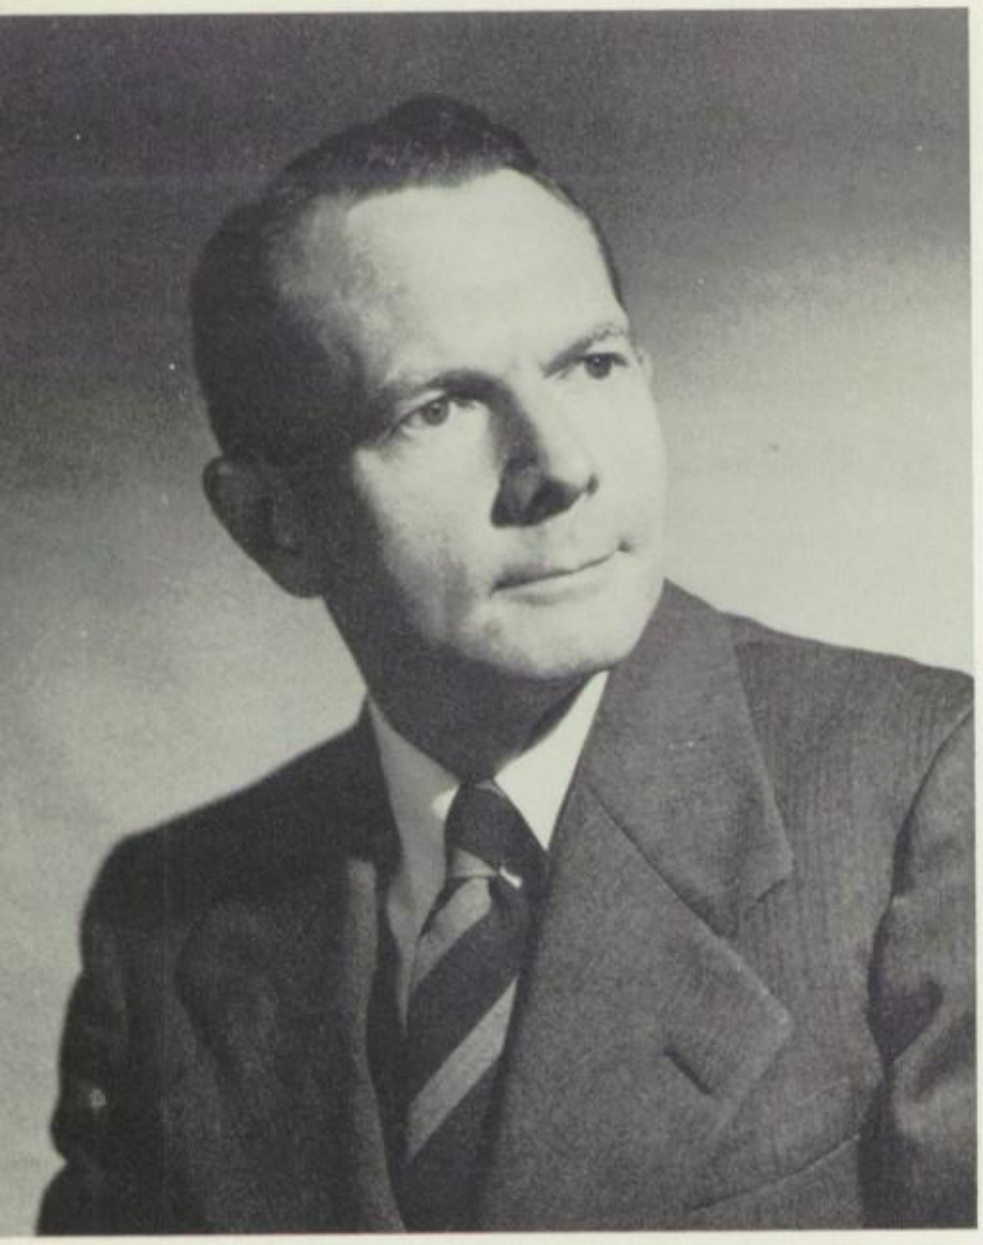
Mr. Gordon, printing instructor, and Mr. Failing, metal shop teacher, can both claim the same hometown — Lowville, New York, population 5,000. Both attended the same schools in Lowville and also the same college — Oswego State Teacher's College.

After his graduation from Oswego and graduate work at N. Y. U., Mr. Gordon returned to the little one-room school he had attended in his childhood — to find that some of the students were his former classmates. Next stop for him was Nyack, where he has taught ever since. Mr. Gordon and his wife have two children — Alan, 6, and Gerald, 10.

Before coming to Nyack, Mr. Failing taught two years in Seacliffe, Long Island. Aside from his duties in the metal shop, he has been N. H. S.'s line coach for 15 years. Mr. Failing now makes his home with his wife and three children — Ann, Brenda, and John at 100 Sixth Avenue.

Mr. Failing and Mr. Gordon often return to their old hometown for a faculty hunting trip, occasionally returning with a rare prize, but more often with just memories of a pleasant weekend.

DEDICATION



Mr. Leighton, who teaches woodworking, was born in Westbrook, Maine, where he attended grammar and high schools. He likes to "remember when" Rudy Valee performed on his saxophone for high school assemblies.

Following his graduation from high school, Mr. Leighton was accepted at Lloyd Training School in Boston, a school specially organized for teaching of manual arts. He has also studied at Massachusetts Institute of Technology, Columbia University, Stout Institute and New York University. During World War I, Mr. Leighton enlisted in the Army. He also served during World War II as a Civil Air Patrol cadet instructor.

Mr. Leighton lives with his wife on South Boulevard, South Nyack, where he collects antiques and reproduces them in miniature. At present he is secretary of the N. H. S. Athletic Association.

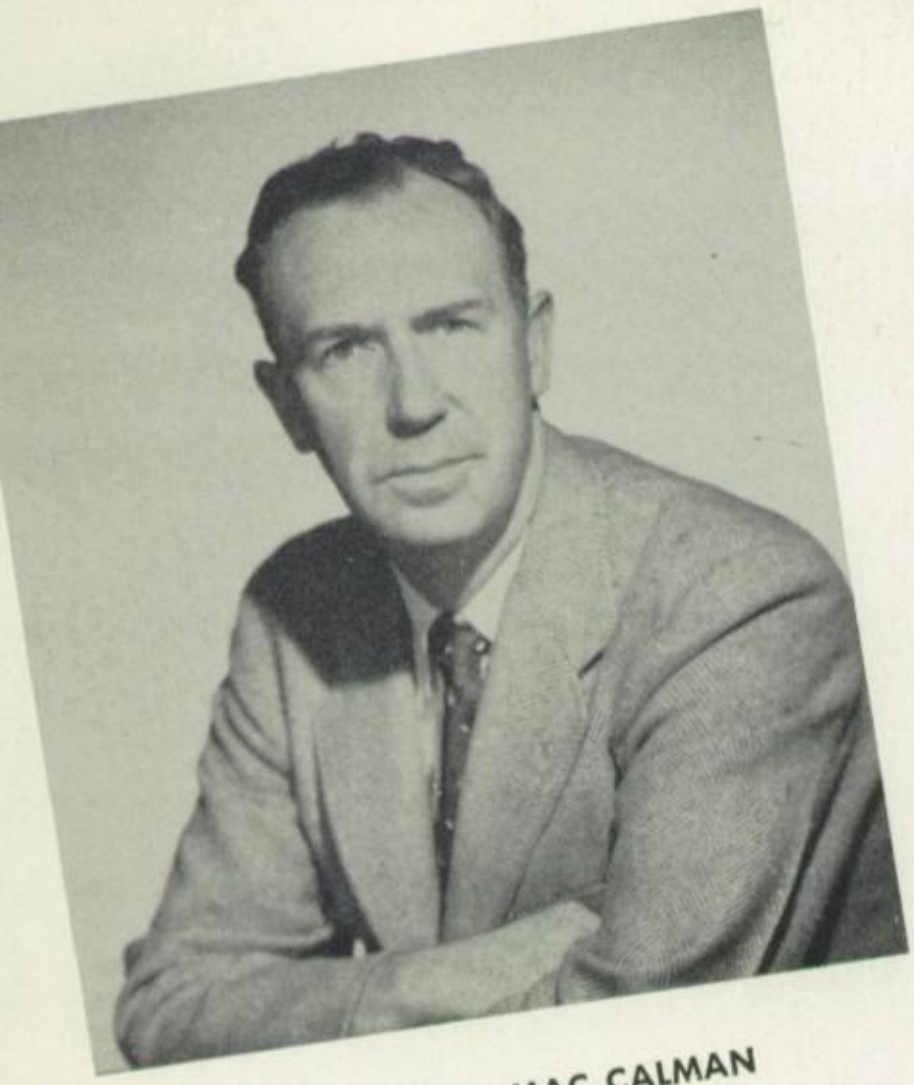
THE ADMINISTRATION



KENNETH R. MAC CALMAN

Kenneth R. MacCalman, our thoroughly practical, systematic, efficient superintendent, is a Past President of the Nyack Rotary. Peerlessly talented locally, his influential spirit has extended far and wide as a member of the New York State Committee on Social and Economic Trends and of the National Advisory Council on School Building Problems, as well as a member of the Board of Trustees of the Palmer Fund of New York City.

Mr. MacCalman received his A.B. at Elon College, his M.A. at Columbia University and did graduate work at N.Y.U. and Columbia.

Held in inestimable regard by the students of N.H.S. because of his conscientious endeavor and co-operative demeanor is our principal, A. W. Rittershausen. His Boy Scout and 4-H Club activities manifest his interest in youth. His hobbies include minerology and gardening.

He graduated with a B. S. degree from Cornell University and earned his M.S. at Albany State Teachers College.

Increased administrative duties are performed by our administrative assistant, Joseph Phillips. He capably assists the superintendent, principal and guidance director. He acts as guidance director for the Junior High students. Busy Mr. Phillips originated the entertaining "Medicine Show," a scientific display unit.

He received his B.S. at California State Teachers College and earned his M.A. at Columbia University.

CAFETERIA STAFF

Cafeteria functions, under a state school lunch program, are efficiently managed by Mrs. Marjorie Morgan, trained dietitian, assisted by four other adults and eight part-time students.

Besides two complete meals every day, the staff offers a la carte items to supplement students' home lunches. This staff also handles culinary chores for teas, banquets and parties.

The Injun tepee is kept spic and span by our maintenance staff consisting of five adult men. Each worker is assigned to a specific part of the building for which he is responsible.

ACTIVITIES

THE 1952 TOWER STAFF

Coming from underneath a huge financial burden, the 1952 TOWER managed to make all its drives successful and to reduce its debt to a minimum. TOWER BUSINESS STAFF members, under business advisor, Fabian Englander, searched the town of Nyack for every available ad and booster.

While business staff members were busy compiling their ads, the editorial staff, advised by Raymond Wray, was working fast and furious to meet its deadlines. There were pictures to be taken and identified and write-ups to be done—all in what seemed an incredibly small amount of time.

Yet in spite of all this hectic hurrying TOWER members agree that they enjoyed every minute of it. The class of 1952 gives next year's staff every good wish for success and enjoyment on their 1953 TOWER.

BIG INJUN

Typewriters clicking madly, rustling papers, editors tearing their hair and crying for just one inch more of copy or a headline that will fit—that's the scene that would meet anyone passing room 16 on make-up night. Then at last, with all work finished, an unusual calm settles over the room, and exhausted staff members trudge home to a long-awaited dinner. One more issue of the "Big Injun" has gone to press.

Injuns are proud of their publication, and rightly so. Under the advisership of Miss Margery Nilson, the "Big Injun" has copped highest honors—Medalist in the Columbia Scholastic Press Association, All-American in the National Scholastic Press Association and All-State in the Empire State School Press Association.

The Injun is also proud owner of a charter for "Quill and Scroll', the national honor society of school newspapers.

Big Injun members have also attended newspaper confabs at Syracuse and Columbia Universities. At the CSPA conference last March, editor-in-chief Barbara Travis and Sports Editor Lawrence Sucsy introduced speakers. Miss Nilson, who has been asked often to speak at these conferences, conducted a clinic on "Spark Up Your Newswriting." In 1948, four staff members and Miss Nilson traveled to the NSPA Convention at French Lick, Indiana.

For the first time this year the "Big Injun" has solicited advertisements from local merchants as part of its financial support. This has been accomplished by Fabian Englander, business adviser to the paper.

THESPIANS

The Senior Thespians, under the capable direction of Miss Evangeline MacLaren, has been for many years, an important part of senior activity.

Earlier this year, the club presented a very colorful Christmas Tableaux in cooperation with the music department. It was a production in pantomine, in which the performers stood motionless while a narrative based on the gospel according to St. Luke was being read, and Christmas carols were presented by the chorus and band.

The "Bernhardt's" and "Barrymore's" of 1952 will take their final bow in March, when the club presents the recent Broadway hit, GOODBYE, MY FANCY, a three-act play. The presentation of the annual play has long been a delightful source of entertainment for both the adults and younger people of the community.

In connection with their dramatic work, the Thespians will leave the "Teepee" in the late spring and journey down to New York to see a legitimate Broadway play.

In addition to learning about acting, the Thespians take an active part in staging, costuming and make-up. Some of the meetings, which are held on Wednesday afternoon, were discussions of various types of make-up, and stage settings.

Officers are: Betty Giacobbe, president; Larry Klainer, vice-president; Ruth Kosel, recording secretary; Nancy Schofield, corresponding secretary; Stanley Metlitz, and Robert Taylor, treasurers.

GENERAL ORGANIZATION

Under the leadership of its officers, Michael Condello, president; George Tanges, vice-president; Dorothy Collins, secretary; Robert Prindle, treasurer, and the guidance of Miss Krum and Mr. Desmond, the General Organization has had a busy and prosperous year.

For the first time in the history of N. H. S. a football queen and three ladies-in-waiting were elected to reign at the annual and very successful G. O. dance. Fran Vodak copped the honor of queen; Betty Giacobbe, Dorothy Collins, Sally Housman, ladies-in-waiting.

The treasury was expanded by the sale of basketball schedule pencils. A new water fountain was installed on the track due to the efforts of the G. O.

Rockland County G. O. experienced another successful year with Nyack as an active member.

To compensate for their work G. O. representatives and court attended a television show in the spring.

INTERNATIONAL RELATIONS CLUB

Members of I. R. C. meet to learn more about affairs of historical importance. By having speakers and discussions the students cultivate a better understanding of world affairs.

Some students in the club broadcast the WIRC morning newscast over the school's public address system. Others help with the tape recorder and the planning of the WIRC programs.

Co-Presidents are Winifred Bruce and Lawrence Sucsy. Station Manager for WIRC is Lawrence Klainer and Program Director, Charles Peterman. Mr. Edward Schwiekardt is advisor.

The Nyack High Football eleven of 1951 was a power packed team running out of the modified single wing and spread formations.

Throughout the season the squad, under the excellent leadership of Coach Rudy Rejholec, demonstrated their desire to play the game up to the hilt, displaying fine football, raw courage, and excellent sportsmanship. This final quality resulted in Nyack's winning of the Rotary Sportsmanship Trophy for the first time in the history of the award.

Our opponents felt the prowess resulting from determination and the high morale of our football eleven, and they will long remember the squad of '51. Rockland County will never forget the classic game played on the Haverstraw gridiron, in which a heavily favored Raider crew came perilously close to being toppled by a fighting Injun squad.

The spirit and skill of these boys was well recognized, for, when the All-County teams were made up, six Nyack players garnered positions on the list. This group included: Bert Leitner, First Team Guard; Jimmy Ridlon, Second Team Quarterback; Bryant Malcolm, Second Team Center; Carl Brooks, Second Team End; Bob Taylor, Second Team Tackle; and Jimmy Brown, Honorable Mention Back.

Although their record was only 3-1-3, Nyack can well be proud of this fine spirited group.

SOCCER

After a slow start, when they lost two of our first three league games, the N. H. S. soccer team, guided by Coach Frank Nelson, did a complete about face and won four of the last five games played.

There were 26 boys out for soccer, with only four veterans making the starting team. The squad was aided greatly by the presence of three Reed Farm boys—Pluscht, Panoff and Lubinsky—who led the team in scoring with 17 points among them.

Congers again won the championship by going undefeated, beating Nyack twice by 1-0 and 3-1 counts. We split with Pearl River but defeated Spring Valley and Stony Point two times each to finish with a 5-3 record. The first win over the Spring Valley Tigers was a major step in bringing Nyack home second.

Like most athletic teams, the booters came up with a number of individual stars. The D'Agostino brothers, Roger and Don, along with Oleg Panoff, who is regarded by many as the outstanding player in the county, made the first-string all-County team. Placed on the second team were Art Hyman, Gennady Lubinsky, and Captain Rudy Ramcke. Jim Gulezian, Jerry Gross, and Vassily Pluscht received honorable mention.

WRESTLING

Led by the coaching of Solon Gordon, the Nyack wrestling squad finished the 1952 season in first place. The grapplers completed the year undefeated in county competition. In non-league matches, the Nyackers defeated Lowville, and tied a very strong Watertown club on successive nights. Their only defeat was handed to them by a nationally famous Leonia squad.

This excellent record can be attributed to the fact that eight of the grapplers returned from last year's co-championship team. Among these lettermen are four individual county champs: Jerry Gross, Captain Al Parker, Stan Metlitz, and Bob Taylor. Also back are Blair Campbell, Bob Shepard, Mike O'Dowd, and Val Dagaev. During the year Gross, who was last year's captain, ran up a string of seventeen straight victories.

Another high light of the season was the advent of a JV squad. Under the direction of Mr. Sam Templin the JV held a number of matches with surrounding JV teams. It is believed by both coaches that this squad will greatly improve the caliber of the varsity matmen by giving the grapplers an extra year or two of actual match experience.

First row: B. Fargason, B. Olsen, E. Miele, E. Edwards, J. Welch, E. Laparto, C. Winfree, C. Miele. Second row: B. Foley, W. Metlitz, V. Dagaev, M. Miller, F. Bivens, B. Malcolm, S. Metlitz, E. TENNIS

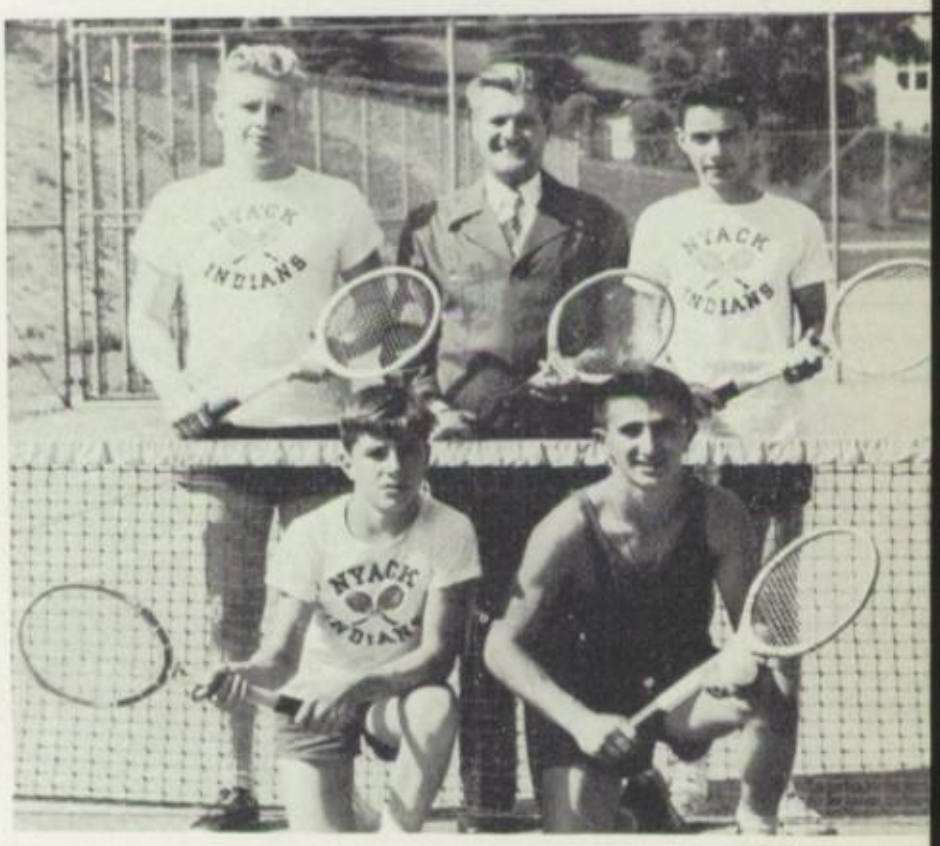
Led by the able coaching of Raymond Wray and the steady play of Mike O'Dowd, "Rockland County's Most Valuable Tennis Play," the Teepeetown tennis squad defeated all fall P S A L competition. This was the tenth time in the last eleven tries that Wraymen have been victorious. In only one season since 1946, last spring, when they ran second, did the racquetmen finish out of top honors.

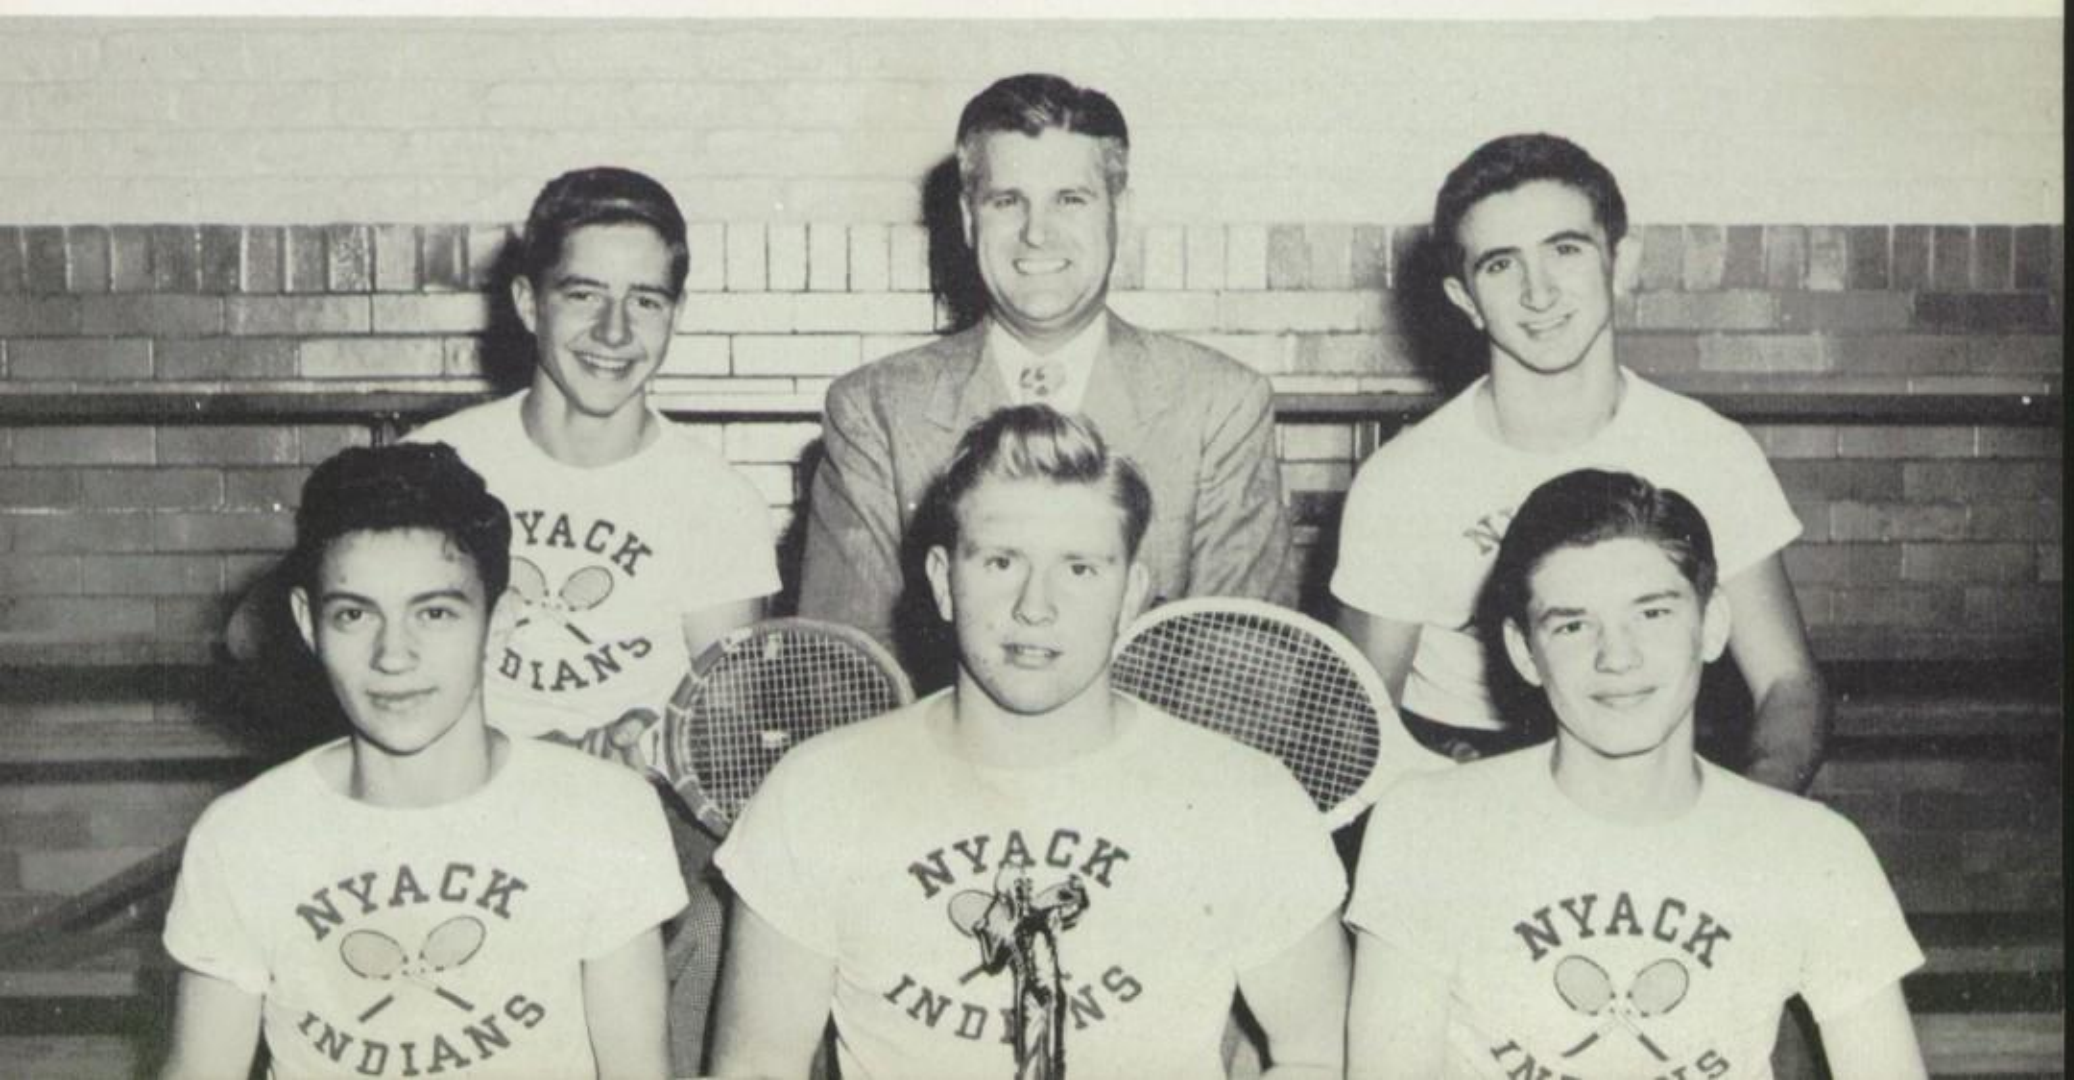
Coach Wray asserts that much of the success of his teams is due to the interest given by players in their daily practice, and to the strength of the doubles teams, which have lost very few matches through the years.

As in recent seasons, Pearl River is again expected to be prominent in spring competition. However, Spring Valley, starting an almost entirely green team in the fall, showed good talent and gave most county squads hard struggles. Suffern also booms as a big obstacle in any club's spring championship hopes.

Next fall, three strong varsity men will be lost to graduation, but Coach Wray expects the ranks to be filled by members of the J. V. squad. As indicated by widespread interest in the fall tournament, from which spring team members are chosen, there are potentially good J. V. and Varsity squads coming in the spring of 1952.



First row: L. Klainer, M. O'Dowd, R. Mock. Second row: P. Bernarbo, Mr Wray, S. Metlitz.



BASKET

The 1951-52 version of Nyack's basketball team had a great chance at the county title. Led by Coach Frank Nelson, 1951 Coach of the Year, the team had a number of returning lettermen.

The squad was hit hard by the loss of All-County star Ira Howard to the eighth term eligibility rule. However back from last year were four first-stringers, Carl Brooks, Jimmy Brown, Skeets Kelly, and Russ Sisco.

Nyack's league opener wasn't very encouraging to Indian supporters as the Haverstraw Raiders edged out the local squad in a very thrilling contest. The team soon found itself, ringing up four big wins in a row.

At the end of the first half of the season Nyack was in a first place tie with Haverstraw and Suffern.

GOLF

The Nyack golf team was hit hard by graduation, and only one veteran, Captain Bill Wood, will be back in '52. However, Coach Harold Failing believes that the new golfers coming in will round out the empty slots.

Coach Failing asserts that this new blood will greatly improve Nyacks divot diggers, and is looking forward to an improved season.

BASEBALL

Coach Rudy Rejholec's "Million Dollar Moundmen" returned strong and sharp to take up the pitching chores for 1952. The hurling was held up by four returning veterans—Carl Brooks, Frank Cuff, Bob Prindle, and Mike Condello who showed good stuff all the way.

Also back on the basepaths were eight other lettermen, all displaying both offensive and defensive skill on the field. They provide the team with a strong batting order, from the leadoff man down to the pitchers. With our all-veteran infield and reliable starting pitchers, Coach Rejholec looked forward to a good year and an Indian baseball championship in '52.

First row: B. Kopenhaver, L. Pia, J. Gulezian, L. Buckout, R. Riker. Second row: F. Ridlon, J. Ridlon, J. D'Auria, I. Howard, W. Galbraith, R. Prindle. Third row: J. Brown, J. Miele, F. Cuff, J. Dellolio, M. Condello, C. Brooks.

BOWLING

The 1952 edition of the Nyack bowling team, again coached by Robert Schild, was hit hard by graduation. The only returning veterans were co - captains Jeff Dellolio and Phil Schulder. Around this small but sturdy nucleus Coach Schild hopes to build a team that will prove to be a credit to Nyack High.

First row: J. Alden, P. Schulder, N. Andezsa, W. Owens. Second row: J. Dellolio, J. Merkert, D. McCormick, Mr. Shields, T. Martin, D. Cannon, B. Motto.

TRACK

Although the Nyack track team will miss the services of many capable veterans, there is still a strong nucleus for the team of 1952.

Foremost in the list of returning lettermen is Russ Sisco, county champion in the pole vault, who last year set a Nyack vault record of 10 ft. 11½ in. In strong support of Sisco will be Harold Pringle, one of the county's top broad jumpers. Another return will be Stan Metlitz, who excels in the middle distances.

Coaches Warren Templin and Vernon Cox believe that with these returning veterans and the many newcomers expected, Nyack can look forward to a successful track season in 1952.

First row: J. Dennehy, C. Peterman, P. Parrietti, B. Campbell, J. Latham, J. Bittig, J. O'Neil. Second row: R. Sisco, L. Sucsy, W. Faivre, P. Friedman, S. Brown, L. Whidbee, R. VanNutt, A. Pondi. Third row: Mr. Cox, S. Metlitz, D. Arnold, E. Brilliant, C. Black, H. Pringle, B. Widmer, D. Davis, Mr. Templin.

CROSS COUNTRY

First row: R. Merkert, R. Hartell, S. Metlitz, W. Metlitz, J. Simonds, E. Britlant. Second row: J. Bittig, H. Schreiver, J. Bivgy, M. Muller, R. Mole, G. Merwin, G. Tanges, J. Fox.

Coach Warren Templin has every reason to be proud of the 1952 harriers. It is a rarity in any sport or activity to have every participant finish the season. This year fourteen boys started the season and all fourteen finished. It is this perserverance, loyalty, and cooperation that their coach deeply appreciates.

The team, half of which were veterans of the previous season, defeated Stony Point, Pearl River, and Spring Valley at Bear Mountain in the Rockland County Championship Meet. Captain Stan Metlitz was also selected to represent District Nine in the State meet at Schnectady.

Next year's squad, which will be hit hard by graduation, will be led by their newly elected captain, John Bittig, one of Nyacks top men.

SWIMMING

With a team consisting mostly of veterans, Coach Whitney Callahan looked forward to another Rockland County PSAL championship. Although the team was hit by graduation, losing N. Rose, J. Boyd, W. Perry and E. Lundgren, they still had an exceptionally strong team. Almost all of the returning tankmen hold Nyack High swimming records.

Back again to take up where they left off last year are such record holders as J. King, 200 yard freestyle; L. Cohen, 100 yard freestyle; and J. Park, 120 yard individual medley and 150 yard individual medley. In addition, the returnees include members of the top 150 yard medley relay, 180 yard medley relay, 160 yard freestyle relay, and 200 yard freestyle relay.

The team started very strong losing only one of their first four meets, that to a strong Leonia squad. At this pace it seemed very plausible for the Indians to again take the county swimming title.

Every G. A. A. girl has completed a course in First Aid and are wardens in fire and air raid drills. In addition to keeping score, timing, and officiating at games, the girls included a badminton tournament.

Hi Eve; I couldn't waste all that nice paper on my handwriting. I'll always be grateful to you for giving me all that important information over the phone. Funny we always use to call you up. Hmmm. I won't forget that Pajama Party down at your house. What a mess. I couldn't see you across the room. Like being on top of Old Smokey. What a difficult spot you got Muriel & I in. How embarrassing ?!?!! The three of you on the floor must of had a gay old time. I wonder? Well I better not. That daily run around the block really perked up our appetite. We ate your mother out of house & home. We always seem to end up down at your house if we feel in the mood to walk. If..

Never forget our daily run to the lunchroom every day in school. We won't we. I'll still keep trying to get you & Cathy to go to those dances after the games. I wonder why you didn't go. You will always be remembered as the girl who is most experienced in housework. You ought to get a lot of credit for all that work you're doing. At least you'll get a husband faster than we will if there are any boys left. (Impossible) You'll have to come up to our house again to try some more of that Creame de Mint or whatever you call it. You liked that didn't you Eve. You laid flat out on the floor. Can't take it like we can. Ugh! I guess this a long enough going over of our remarkable moods. I hope we can look forward to more of our sober parties. And I mean sober. See you down at your house.

Love, better known as
"Rainy".

Dear Cris,

Now starts the long but horrible - me that is. I hope you can read it! But then how can you help but read it when my beautiful hand is pushing the pen. (:) Hats off + glasses raised to the great parties we have had! both hen parties + otherwise! Of course the hen parties at Cathy's were the best. Sit listening to records munching on ice from the empty glass that has had so cool, refreshing beverages. Of course some of the drag parties were okay to but the best are when everyone lets her hair down - Right?

Now you're gonna get all confused because I'll be all over the page - don't forget to read the little quotations because it means a lot. I'm in an uncomfortable position at this writing will probably be worse than it usually is. — Parties - well, yours - strip teasing - running to Phones (Raining) raising to windows to see what car was going by - tearing of precious garments - slipping on the floor with the whacker - all at your party.

My Dear Miss Molitor,

Well, Miss Molitor, I had got your book to write in. The other day I was thinking of what I was going to write in your book and I had so much to say but now that I have it I can't think of a thing to write. I'll try my best to have it interesting, real interesting. First of all I want to say I made a mistake, Thank you very much for giving me so much information about you so what I helped me a good deal I must say. Tell it that I hope we have some more of those charming parties. What fun we had with just a few girls around. Remember at one of your pajama parties after everyone was in bed we got up at 2:00 and went downstairs and each of us had a big piece of chocolate cake. Boy was that good! Don't forget that little ice party I've told about. I still remember you on the floor upside down trying to get the ice out of your back. Did you look like a freak. Remember the long telephone calls when we use to talk about everything we could think of. That was fun. The whole store didn't like it when "Betsie" but he's getting use to it now. (I hope) Next year, Miss Molitor, you are going to be in the C.Y.O. show and no excuses either. Next year you won't have to run to lunch

Have you ever stopped to think of the tremendous industry required to produce the bag in which you buy your candy at the corner store, or the bags in which your mother receives her groceries, or the bag in which you carry home your new hat from the local department store?

The paper bag, of course, starts at the forest with the logging industry. The logs go to the paper mills where they are crushed to pulp which is the basic ingredient of paper. The finished paper is then shipped to bag converting plants throughout the country where it is converted into paper bags. Supplying the logging industry, the paper mills and the converting plants with steel, chemicals, transportation and power, are hundreds of other industries.

Like most of us, you probably take these bags for granted. Yet they represent years of evolution and development. They represent the contribution in labor and skill of thousands of men and women in offices and factories. They represent billions of invested dollars. They represent America—and the high standard of living which we enjoy.

The huge paper bag industry is part of the America in which you soon are to take your place. Your contribution to it, along with millions of other individual contributions, combine to form the future of America.

Make your contribution a worthy one.

See its' been swell this year. Don't ever forget the fun we had in intramurals. Although I didn't have you in any of my classes I'll never forget you. There's all the luck in the world to one of the swellest sophomores I know.
